

Note: Unless you are sure of your part number, please email us your model & spec number so we can ensure you get the right part and that there are no further modifications required.

Parts look up sometimes depends on a variety of issues (such as date code or other markings) The list below is derived from a "where used" search of either the part in question or a superseded (prior) part and can not take into account potential part variations that depend on other factors (such as date code) Unless you are 100% sure this is your part you should verify by looking the part up at either **www.smallenginepartssuppliers.com** or at **www.kohlerplus.com** (for Kohlerplus you must use internet Explorer - enter as a guest and type your spec number in the upper right hand corner)
